Tapajós Timber	05/02/2002	USA	463.798	ALMANIA

Guys, here is everyting Nilo could find so far from the IBAMA and Port records in Belem. He flew there early (and I mean early!) this morning, and just sent this to me from a cyber cafe.

He's now looking for information on the receiving company, type of mahogany product (sawn wood/plywood/laminate), and the departure dates of the vessels.

Cheers.
Anne
